Hello Fellow Shoppers

Now that spring is in full bloom, we hope all of those affected by seasonal allergies are managing okay! If you're having a hard time with annoying symptoms like itchy eyes, runny nose, and sneezing, there are a number of natural remedies that can help you get through these tough few months. Quercetin is part of the flavonoid family and is one of our most powerful natural anti-histamines without the usual negative side effects that typically come with over the counter anti-histamines. If you prefer homeopathic remedies for symptomatic relief, Boiron RhinAllergy can be especially helpful for those suffering from hay fever and is safe for the entire family.

Once those pesky allergies are under control, it's time to get outside and enjoy this beautiful town of ours! With all of the hiking and biking trails around, it's easy to get carried away at first. If you've over exerted yourself and are now suffering with sore achy muscles and joints make sure you have products like arnica, magnesium, and curcumin on hand to help soothe and speed up healing.

Banana Almond-Butter Baked Oatmeal

Wet Ingredients:

1 medium ripe banana 2 large organic eggs 1/3 cup creamy almond butter 1 tsp vanilla extract 2 tbsp maple syrup 1/2 cup unsweetened almond milk

Dry Ingredients:

1 1/2 cup rolled oats 1/4 cup oat flour 1 tsp baking powder pinch of sea salt Topping:

1 ripe sliced banana

Recipe By Karlene Karst

Preheat oven to 375. Spray a 9×9 inch pan with cooking oil and set aside. In a large bowl, mash the ripe banana until smooth. Add in the eggs, almond butter, vanilla extract, maple syrup, and almond milk; mix until smooth. Add in the rolled oats, flour, baking powder and salt. Mix everything until it's thoroughly combined. Transfer batter into a baking dish and top with sliced bananas. Bake for about 30 to 40 minutes, until a toothpick inserted into the middle comes clean.

A few of Our Favourite Things This Month

Don't Let Stress Interfere With Sleep Any Longer!

Stress-Relax Peaceful Zzz is a non-melatonin sleep and stress formula that helps support better sleep quality and a healthy mood balance without habit-forming ingredients. It features Maizinol a proprietary extract sourced from non-GMO corn leaves, which mimics melatonin's action and helps reduce cortisol levels, a biomarker of stress. Human clinical studies with participants who struggle with sleep- and stress-related concerns support the use of Maizinol.

Using a proprietary extraction and enrichment process, Maizinol is standardized to 0.2% 6methoxybenzoxazolinone (6-MBOA), a naturally occurring compound found in the leaves of immature corn plants. Its unique composition has a remarkable affinity for cell receptors that activate the body's melatonin and serotonin systems to facilitate these sleep- and mood-related hormones.

Peaceful Zzz offers a plant-based approach to a restful night, delivering melatonin-like benefits without actual melatonin intake. Each vegetarian capsule contains 250 mg of non-GMO zea mays (corn) extract, best taken as two capsules 60 minutes before sleep as part of your bedtime routine. Whether used independently or in combination with other Stress-Relax products, this is a fantastic supplement for adults who struggle with getting enough of the deep, restorative stage of sleep and for individuals navigating stress management.

Boost Testosterone with Tongkat Ali

Tongkat ali, or longjack, derives from the roots of the Eurycoma longifolia shrub, native to Southeast Asia. This herbal supplement has a rich history in traditional medicine across various Asian countries, owing to its diverse health benefits. One of the most notable qualities of tongkat ali is its capacity to increase testosterone levels, particularly in men with low testosterone. Studies have shown significant improvements in testosterone levels, addressing issues such as low libido, erectile dysfunction, and male infertility. Tongkat ali also exhibits promising potential in reducing stres hormones, alleviating anxiety, and enhancing overall mood. Although further research is needed to confirm these effects fully, initial findings suggest its role in stress management and emotional well-being.

The quassinoid compounds found in tongkat ali may contribute to improved body composition and athletic performance. Studies have demonstrated increases in lean body mass, muscular strength, and endurance, along with reductions in body fat, particularly among individuals engaged in strength training programs.

Increase Energy & Bee Powerful!

Regenerlife BeePowerful is formulated for energy from within, providing a rejuvenating combination of bee pollen, bee propolis, Siberian ginseng, and green tea. Together, these ingredients supply antioxidants, amino acids, vitamins, minerals, coenzymes, and fatty acids for nourishment and support when you need it most.

Bee products, such as pollen and propolis, have been valued for their natural healing properties for centuries. Together they contain a complete set of amino acids alongside active compounds like enzymes, coenzymes and antioxidant flavonoids used in herbal medicine to help relieve sore throats and other mouth or throat infections.

Siberian ginseng helps improve mental and physical performance after periods of exertion, including recovery from illness and general weakness. Green tea is added for antioxidants, such as (EGCG) for additional cellular protection and support with age.
